

Taxes — What Becomes Of Them?

The recent reassessment of our County's real estate is a matter of concern since the appearance of current tax bills!

This tax business has the Governor worried; the Tax Committee which studies proposals for the consideration of the next Legislature says, "There'll be more taxes, from new sources."

It is stated that "60% of the state's income goes for education, health and welfare," and if we continue to grow—and all of us want to grow—there will be need for more tax money.

It is apparent that each of us should inform ourselves about where and what for our taxes are spent.

No State taxes are assessed on real estate; the money collected here stays in this county, but what for?

One interesting item is Avenue "E" in Belle Glade. This is a 100' wide, 100' deep, 100' long rights-of-way

on approximately 8,000 feet. It is estimated that the cost for construction will be approximately \$300,000.

So we find that more than one fourth of the cost of the street is for rights-of-way—we can get out of paying for street rights-of-way if the rights-of-way were not paid for.

North Carolina accepts an easement without pay for real estate; Why not Florida adopt this plan, except for damages to existing improvements?

Rights-of-way cost more than construction, in some areas in south Florida, and we are not building a lot of these!

Give it a thought, for the Legislature meets in April.

Plans Ordered For 2nd St. Bridge; Council Hits Snag On Ave. E Talks

Streets and bridges were the main topic of discussion at the Wednesday Belle Glade City Commission meetings as City Manager C. B. Talmadge announced that application had been filed to construct a bridge over Hillsborough Canal at N. W. St.

The city's engineer is preparing plans and specifications for a 15-ton bridge. No date has been set for the work pending approval by the flood control officials.

Manager Talmadge reported on meetings with Winston Carlton of the State Road Department, County Engineer Stephen Middleton and Glades County Commissioners Paul Roberts, saying that no agreement could be reached concerning expenses and specifications on certain details of the bridge. Avenue E improvements were also discussed.

In other news the council:

Appointed: N. D. Lloyd, municipal judge; Robert Mathews, judge ad litem; Claude Jones, attorney; Board of Water and Sewer Commissioners; Head Powell, two-year-old rail commission term; Walter Ashley, Port Mayaca cemetery board; and M. M. Miller, V. Dras, W. Evans and T. T. Miller, board of commissioners. Paul Davidson replaced Ashley on the board.

The Migrant . . .

A MIGRANT has been described as one who moves, while few question the right of any person in need to move for food or other assistance.

Such assistance under the present circumstances is such assistance under false pretenses, especially when the person is in need of some sort of assistance.

When this occurs, it is to be considered as an outrage that does not one and a half times as those engaged in finding the "regulations" set up for such situations.

New Organization . . .

Last Friday I attended the organization meeting of the Permanent Belle Glade Migrant Committee, which Grant Averill of Belle Glade was elected chairman.

Present were Rep. Paul Roberts, chairman of the Governor's Committee on Migrant Labor, was in attendance and presented a comprehensive report of the activities of this important committee.

Ramie Fibers Blended With Cotton Wool And Synthetics Economically Bolster Clothing And Industrial Fabrics

Mrs. J. W. Mosley, State Director of Employment, holds a cotton-viscose-ramie suit manufactured by Mrs. O. E. Bissell of Columbus, Ga.

A shifting material (100% ramie), a 50/50 wool-ramie sating, and a 70/30 wool-ramie dress fabric, a part of mid-1958 apparel.

When the Marines wanted a tropical uniform cloth with the triple-cord strength and superior advantages of dacron and without the moisture and non-breathable dacron, Hanes, Inc., developed a Ramie-Dacron. Mills constructed a 65/35 dacron-ramie blend in 5 and 7.4 oz. weights that has passed all Marine Corps requirements for tropical uniforms. This material is being further tested for men's suitings and slacks.

Tests have proved that 50/50 wool-ramie in the pillars of the highest quality garments add 50% to abrasive qualities and stabilizes the wool, while detracting noise from the material.

Hotel toweling manufactured in 500-doz. lots for chains, using a cotton warp and a ramie filling endure more than three times the laundering than competitive towels.

Blended with asbestos and cotton in a 165-inch wide dry-riding belt for the paper pulp industry where heat, mildew and strength are important, ramie proves economical.

PBJC Players Will Present Comedy

"Pygmalion," one of the most popular comedies written by the brilliant Irish wit, George Bernard Shaw, will be presented by The Palm Beach Junior College Players at Palm Beach Junior College. The romantic comedy of the lowly girl of the slums who is transformed into a lady who is used to the basis for the musical hit "My Fair Lady," will open on December 4th for four performances.

This ageless comedy, praised by Broadway critic John Chapman as "one of Shaw's best plays," distinguished for its wit, is directed by Eliza Doolittle, a young, bed-ragged gatupin who is made a lingular guinea pig for an experiment by a professor of phonetics.

Lake Shore Bobcats Are Riding High For Homecoming Festivities Friday

Homecoming for Lake Shore High School this year will be a happy occasion for the alumni and students as the Bobcats will square off on their first undefeated season, first county championship ever and first conference title.

The Bobcats blanked the Fl. Pierce Highs last week in the season and 3-0-1 in the conference. Tie with 3-0-1 of the St. Lucie Indians.

Friday they'll be playing Stone High of Melbourne, a good rated squad, and Coach Ben McCoy says he expects his team to do well. The Indians have allowed only 21 opponents points all season. They have three more games to go.

Their victory Thursday came in the 19th annual championship game in the Southeastern Florida Athletic Conference.

Principal Charles McCurdy of the school has been a special half-time show planner. He also is a reminder that there will be a reserved section for White spectators.

Lake Shore junior is 20-0-0 for the year and 14-0-0 in the 1958 season.

Police have charged a Belle Glade Negro with breaking and entering the Negro Elks Lodge Hall on S. W. 5th St. and Ave. C. Friday night. Police Chief Charles Goodlett reported.

Pete Chatman allegedly took silver amounting to about \$15.

East Lake School Principal Dies

Funeral services will be held Friday at 3 p. m. at Mt. Zion A. M. E. Church, Rev. M. Fayson, pastor, officiating, for Samuel E. Miller, 49, who died Monday morning at Belle Glade Memorial Hospital following a short illness.

Miller, 49, would have completed his 25th year as principal of East Lake School at

Pahokee this year, had undergone surgery at Pine Ridge Hospital and was transferred to the local hospital Nov. 10.

Murrell is survived by his wife, Daisy. His interment will be at Port Mayaca.

Plans Ordered For 2nd St. expenditure of \$5,000 for renovation.

Tabled action on a resolution urging government favor to a plan which would allow the Corps of Engineers to deepen the Port of Palm Beach.

Lions And Guests

(Continued from Page One) in conditions at the institution.

After the tour, large addressed the more than 50 guests at the prison chapel. He told them he was not trying to keep other state employees out of a job former inmates had. The officer said he would step down from his job immediately if a qualified person could be found to run the farm.

He said he had to say that he was trying to pass on what he had learned about prison operation in his 27 years of service. He urged the community to join him in his efforts to find persons to fill jobs at the prison and said the prison belonged to the public, therefore they should be more closely connected to it by visiting the institution periodically.

He reiterated previous public statement that visitors were welcome at any time to see the operation of the prison.

United Action In

(Continued from Page One) opened earlier this year, he said:

"The creation of a permanent committee to establish a program in the event of an incident in last year's problem is something that must be done."

The group discussion centered around a united, precise action with a permanent committee, as deemed necessary, such as a job relief committee which Employment Service Manager J. W. Mosley, head of the office, agreed to

study the need appointments and determine a course; then meet next Friday before a general meeting with the county.

The committee stressed that action was needed to stop the duplication of benefits some people receive. There are 10,000 people in the county who could be entitled to unemployeed agricultural workers. The committee is determined to bring about a stable economy, and other necessary factors which may accompany such a condition.

Already, with the season only in its meager beginning, the migrant labor committee is unable to provide any widespread relief to needy migrants. Migrant Advisory Committee has stressed that command will be needed and is making arrangements with state or federal relief.

Ram JV's Finish

(Continued from Page One) point.

In the second quarter Bob Stratton drove through center for the JV Rams for 10 yards and had a touch down. He had a third quarter Mike Roberts scampered 24 yards to score, then Skipper Peacock tossed to Tommy Bass for the extra point.

Women not only drive as good as men, but they can do it on either side of the road.

Those present included Mrs. Ruth Forkum, Mrs. Eva Gambill, Mrs. Mae Medlin, Mrs. Aileen Frazee, Mrs. Ruth M. Lieb, Mrs. Dorothy Williams, Mrs. Mall Murray, Mrs. Virgie Adams, Mrs. Dorothy Scrape, Mrs. Mattie D. West, Mrs. Ruth Griggs, and Mrs. Pierce.

Troop 621 Wins

Camporee Honors

Boy Scout Troop 621 sponsored by Everglades Presbyterian Church was well represented at the Scout Camporee at Juniper Woods.

The troops won first place with a blue ribbon for camping and a red ribbon for second place in a tent competition.

The committee stressed that action was needed to stop the duplication of benefits some people receive. There are 10,000 people in the county who could be entitled to unemployeed agricultural workers. The committee is determined to bring about a stable economy, and other necessary factors which may accompany such a condition.

Already, with the season only in its meager beginning, the migrant labor committee is unable to provide any widespread relief to needy migrants.

Migrant Advisory Committee has stressed that command will be needed and is making arrangements with state or federal relief.

Judge Currie Addresses

Episcopal Men's Club

Judge F. A. Currie, judge of the Small Claims Court, West Palm Beach, was guest speaker at the Tuesday night meeting of the Episcopal Men's Club of St. John the Apostle Episcopal Church, Belle Glade.

The speaker described the creation of the small claims court in 1937 and said that since then, 2,000 cases had been processed.

He described the operation of the court from his point of view, the plaintiff's and defendant's views.

He also pointed out that the court was entirely self-sustaining from its fee system. He said that the small claims court is soon to allow plaintiffs to file cases from the Office Building.

Women not only drive as good as men, but they can do it on either side of the road.

Worry often gives a small thing a big shadow.

Worry is the interest paid by those who borrow trouble.
